Scholastic Bookclub Orders
Scholastic has been bringing children's publishing to Australian children for over 40 years and is recognised as a market leader in children's publishing. We provide the opportunity for students to order books using this great service. Order forms go out once a term. Our school is rewarded with bonuses based on orders that provide resources for our children to benefit from in the school library. You will receive the first order form for the year today. Forms are due back by Friday 13th March.

Information Update
Today you will receive a note containing family, student and medical information currently held by the school. We ask that parents/caregivers carefully look over the details to ensure that the school has the most current and up to date information for each student. If a change is required to the family, student and medical details, please send the updated information back to school for processing. On the back is a form called Permission to Publish. This needs to be completed and returned to school ASAP.
